## 2018 Candidacy Announcement

I am proud to announce my candidacy for the office of Mayor of the City of Lonoke. I am a native of Lonoke and will be bringing over 30 years of experience in facility and personnel management. This experience was gained through positions that I held at Du Pont, Remington Arms and private corporations. Those positions have trained me and prepared me for the many challenges and responsibilities that lie ahead for the future of Lonoke. These issues will be attended in a timely and professional manner. If you have any thoughts and suggestions for our City and what we can do to improve, please e-mail those thoughts to [baileyjim@sbcglobal.net](mailto:baileyjim@sbcglobal.net).

I understand and will never forget that the Mayor is elected by the people. I pledge to fairly represent all residents and businesses in our City. This office must be operated in a professional, courteous and effective manner. I want to be **YOUR ADVOCATE!** As your elected official, I will be there to serve you.

As Mayor, I would like to see Lonoke grow and the residents prosper; but make no mistake, growth is not easy and does not come without growing pains. There are many issues that need to be addressed to prevent greater, more expensive concerns down the road. One of my goals is to get more involvement from our citizens. We need the input and expertise of our citizens to make sure that Lonoke moves in a positive direction, and we need you to be involved.

My family has a long history in Lonoke. My Grandfather was Mayor in 1936-1941. My mother and my aunt were teachers. They taught many of you over the years in the Lonoke School District. I am proud to be a Citizen of Lonoke and will carry on this tradition of serving the people.

My wife Diane and I have four children. We have been blessed having a Christian family that has produced three teachers, a school superintendent, a farmer, and a financial advisor. Our family is very involved in our school system, and they work hard so we have a good strong educational system for all children. The school is vital in preparing the community for the future.

I am a veteran and enjoy civic duties in our community and support those organizations that protect and help our children. I am currently serving on three Boards of Directors, and I have also developed a network of resources and professional people that will help to move Lonoke forward for improved growth and prosperity.

I am asking for your prayers and guidance in my quest for position of Mayor and would appreciate your support; I am also asking that you take time to exercise your right to vote.
